LADY TRAVELLER IN CAIRO.

# AN ADVENTUROUS JOURNEY.

Miss Mary Hall, the lady explorer, has arrived in Cairo, after an adventurous journey through the heart of Africs. Leaving Chinde, on the coast or Portuguese East Africs, in June, Miss Hall made her way

Leaving Chinds, on the coast or Portnguese saft Africs, in Jone, Miss Hall made hor way p the Zambesi to Port H-raid. Thence also tradk northward, carried in a hanmook by atives, to Lake Nysses, which she crossied, and outimed her journey to Abercorn, where also faited air weeks for aboat to carry her across after Tangarovick.

The set of set: Uganda was next roubled, and Miss Hau. et Ramals aw the boy King of Uganda play-ing ordealt. To Nimale by the Nike, thenes to Gondekore, and on to Khartonn, where the last stage of a strange journey. Miss Haul withed no Belgian territory. Her tour was completely accessful, and she mat with courtey very-

# GORDON COLLEGE.

HIGHER ELEMENTARY SCHOOL.

This school and the other schools of the same class hays already proved their worth to the Schaö Government. Four are now in full working order, wir, at Klarntom (Gordon Gollego). Omdersan, Schalin, and Waiy Halfs. A fifth opens this year at Wai McKain, and a sixth is proposed for next year. The course in these schools lasts at least for year. Instru-tion is given in religion, literary Arabics, arithmetic, Arbid paemashin, geography, and may drawing to the pupile of the first three years. After a pupil has passed through the first year, B ourse, he adds seven hours is week of Eighth language and pomarship, and deduces in hours a week from the roligious and Arabic course and an boar fron drawing. He has, be it remembered, put in, on an average, 26 hours study of these schools or tof 33 in the week at his desenative vorancelar school and is presumbly well groundel.

It remembered, put in, on an average, re-hours study of these subject or 5d 33 in the weak at his elementary vortaxolar school and is presemably well grounded. In his second year the corriculum in the same bat for one or two alight hand, honges in thu Arabie language course. In the third, year has devotes an additional hour per weak to boghch and another to map drawing and generative. It is a state of the all be to be with the year and he devotes the bor her for generative and he devotes the bor her for the generative and he devotes the bor her for the generative and her devotes the are devoted to the Arabie hanguage and no Arabie translation and person muching, for to withmuch, for to geometry and hand massering and on to draving. Six Adjusca harawing, and on to the varianty. Six Adjusca harawing and one to raise instruction. Practically all subjects are tanght through the medium of Arabia. The Boglith, course is lided by Arabie ar-niantaxions of the similar through the medium of

subjects are taught through the medium of Arabia. The Bogli-h. course is aided by Arabia ex-planations of grammificial orraw, etc., and the Boglish course of the first two years. It appears throughly similar and prastical and cortain passing deserve close attention by all would be aduation of backward races: Isr YEAL. -The first three mooths must be devoted to giving the pupils a single roabia-lary, enabling them to name the commonset objects road these and form about is enheroes. These bloald be written down with the Arabia equivalents.

In both these qua-lines the Disedoroph is remarkable. She will be the most heavily prototed battleship in the world are well as the largest. Her dis-ingued and engined for 19 koots; she is do-signed and engined for 19 koots; she is do-tioned and engined for 19 koots; she is do-signed and engined for 19 koots; she is to be fitted (with turbise argines, the first battleship to be no engined. There are fatures in her ball construction which are among the secret, and also in the armamed. But in he jaster respect it is known that she will be grade with the 19 line hare. Hitters the nois to general batt teships have been armed for the hay gone of different calibres, he must be fand 4.2 inches. The result, as a the battle of Tho-time, was seen to be that for concentrated for the 19 line hard of the for and other larger was ruled by the frame of the 19 line hard and and the the she is the size of 10 for yards, and to choose the position from "bight to direct this first learnes of barder the result.

MONEY AND SHARE MARKET. (FROM OUR FINANCIAL CORRESPONDENT):

London, February 16.

ney Market.

London, Pebruary 16. The Money Market in regard to the "screw" which the Bakk recently inflicted upon the market is still being wad, and there is mode difference of origina at to whole outputs the hark the Jaik Stock Backs, or its Discour-Houses, but, undoubtedly, the lateFamed have had to pay the piper. One thing seems quire clear, at any rate ; there is samebling wrone in the general condition of the wholey market, and, as a satural conduct, with the gold re-syrre upon which the stability of our financial system reat. The latefiliated of the stab-set of the second stable of the second the second rate here is over 1 {}, bigher than in Paris. Probably policial uncertainty accounts to some extent for this anomalous state of this g-but this is hold to go reases. All things considered, the preach 'strongery is not to be wondered at, and it is difficult to forever when the present's the indeposite inite descent of about '25,000-00, with a gain to the base still command 4% for the week, and practically 16 the second to for the schert at some the lates. The Bank returns the schert at the same relived. Losses still command 4% for the week, and practically the scherts. The Bank returns the schert schert, and things considered at, and it is diminit to forever the schert at a loss in "the week, and practically the scherts the lates. The Bank returns the week how a losse in "the week, and practically the scherts the schert schert relived. Losses still command 4% for the week, and practically the scherts the schert schert difference being partially found in an increase (\* boat \$1,000,000 in the 'on loss. "the schert relived. Losse is a conset of the schert scherts in a schert relived. Losse is a conset of the schert schert scherts in the relived. Losse is a conset of the schert schert scherts in a schert relived. Losse is a conset of the schert schert scherts in the schert schert schert scherts in the scherts schert scherts in the schert schert schert schertschert scherts in the  $\pounds7,00^{\circ},600^{\circ}$  dwing to a r flux of notes and com from the provinces, but the proportion is slightly lower at 4.5.99. Allogether, not much consolation can be derived from these figures and as the Bank is still holder of a great nom-ber of bills and the revenue collections ar

ber of bils and the revenue collections ar likely to increase during the next six weeks little charge (frelief from the pressure can be ooked for during that period. oks and Shares.

Stocks and Shares. The leading (extors in the general markets is the strength of Canuola as sounpared with other high-class secontine. This is no doubt due to apacid purchase. The fact that ner-vosieness as to the outcome of the Algöoires Conference have not produced any effect on this security would lead us to support that, on good news from thi- quarket, Coasals would have a considerable rise.

good news from thi- quarter, Consols would have a considerable rise. The searchy of money has prevented, np. to the present, any important improvement in first-false securities; and industrial, notwith-standing the excellent reports received from almost all distrios, are quite neglected. This contrast helwase this activity of the spe end industries and the stagaation of the Stock Exchange in quite a fecture in the situation. As reserved the Expirian marker, there is a general feeling here that Edged is imission good bainase. It is reported that the sizuation which appreciation of the fature of Egypt shown by the public here is some of Egypt shown by the public here is contrasted with the appreciation on the fature of Equin and Germany. It is generally realized that not only must some step be taken to fraing together the large operators on the Carlor and Alexandria Boories and the Carlon Stehang, with a view to establishing a regular Eryptian market there, but alo that remains in the size there, but alo that remains in the size some step with alow the remains and the shore the size of establishing a regular Eryptian market there, but alo that around in a view to establishing a treplate the size so the size there. on a more extensive scale, with the banker merchants and traders. Efforts are being man to bring about such a require and under to bring. Certainly, unless something of the kind is done, the main markets for Egyptis concerns will soon be in other centres that Landon

## Consols.

Console Natwithstanding the fashing of anxietyresult ing from the artical condition of the Microson megoliations. Console have on the whole musi tained the level of last week, and on Wodnesd-they toxohed 90 H for the March account They ran to night quoted at 90 H. Then has been a very alow but startedy improvement since the beginning of the year, and the quot iton is odely 11 phoints higher than that given in our report of Jacagy 3th.

# Foreign Government Securities.

roreign Government Socirfiles. It is example i sinfificint that throughout the week this maxthe has maintined a story toons, and this may be taken as evidence of the confideron that is fait respecting the issue of the Conference at Algorina. Reasian Poor-have advanced another point to 814, and Japaneze Four as also a 4 higher at 90. The other Lopaneze issues are unchanged. no Ralla.

# Acco yeard, and to choose the point on from pred. The table of t The traffic returns issued this week again

Wave in the dividend of the Union Pacific to We are in the invited of the Union radius of 6% failed to impart life to this section. As a matter of fact, Union Pacifics shed 1 on balance, and losses were recorded in several of he other better priced stocks.

THE EGYPTIAN GAZETTE, THURSDAY FEBRUARY 22, 1906.

biance, and losses were reorded in several of how other better priorid stocks. Experiments There has been little doing in the Egyptian market doring the patt week, but priors have not shown mode hilling away: in cortain cases there has been if further adpense. National Bak to Egypt. Safer being asgloring as Baww "extend to 271-4, the new isless being 161-4, Agricultural Banks have kept very firm st lite-1, and the new issue at about 92. The dobactures are gooded 352-1. Dairs Saihot are unchanged at 175, and 105 for the differred. Data preference have advanced 'to 114 ge-diridend, and Datis Land and lowestment are in good damanda 29 d- V The probal setticed ment in Advantaion Rakes is at last fired for March 1at for 7.00 theres only, and the price is firm at  $-\frac{1}{2}$  premium, after being slightly hover.

If in a  $t_{1} = \tau_{1}$  premium, and r bong mighty joiter. Explain layestmost and Agency are also strong, and are on, the  $\frac{1}{2}$  pennium buyest. Corporation of Western Explanes are unchanged at  $\frac{1}{2}$  pensium. There is also no change to at  $\frac{1}{2}$  pensium. There is also no change to defored at 6 is rather boyen. Dairs Baget at 5 and Union Fondpiers at 6 is sequite, with little doing. Land Bank of Explanes are unmentioned at 1 A. Sait and Sola are quoted 1 is ... There-is still diffine by in free desing in Explane hards owing to desire. Io last, there are no desires to make close prices, as they cannot make a market without stock. Minings.

Mining. The South African market is decidedly flat,

The South African market is decidedly first and the statement that the Government intend ending out: a Commission to the Rand to inquire into the Chinese labour and other questions has up to the present had little undencess on shares, which have a general waskening tendency. Until some authoritative announcement is made regarding the future of South Africa, there is little likelihood of a reviral in this market. The returns of the gold output of Rhodesis in Jannary as mede to the Ohimher of Mines, above a total de 42 9500 r.s. increased 6.384 as a compared with the previous month, and as increase on the corresponding period of 1905 of 10.413 c.

of 10 419 or

of 10.419 or. 10 the Expyrisa section thes have been farther flactizations in the print of Nils Yulleys. The quotation bosight is 6.5 as compared with 50.61 a weak ago. The other Expiris an ining, shares are unemationed. The report of the Expyris and Bordan Mining Syndicate, or uning as it does from a vary-conservative based, in considered decidely, promising. In view of this the shares of the company at 1  $\frac{1}{2}$  would appear to be very low.
